## SEP Certification Exam and Social

A Systems Engineering Professional (SEP) Exam will be held in Los Alamos on May 21st. The exam will be followed by an INCOSE Enchantment Chapter hosted social event in Los Alamos as an opportunity to meet others in the SE community of practice. The INCOSE knowledge exam is a multiple-choice test based on the INCOSE System Engineering Handbook, 5<sup>th</sup> edition. It is required for candidates for ASEP and CSEP certification, unless they have taken an alternate route such as Academic Equivalency. The exam contains 100 multiple choice questions with a single correct answer with the duration of the exam being 100 minutes. Test registration cost is \$30/test applicant.

To register:

# Job Postings

AV Inc. (formerly Aerovironment / Blue Halo) is seeking Systems Engineers in the Albuquerque area. See details below.

---

AV is seeking two Systems Engineers to join our SpaceTech Division. We handle the design, development, and manufacturing of space-based processing, controls, and electro-optical solutions for customers across the growing industry of space.

***Sr. Systems Engineer - Space Technologies, Satellite Systems*** (7495)

***Systems Engineer - Space Technologies*** (7123)

[AV is] seeking two highly motivated and skilled Systems Engineers to join our Space RF Systems Engineering, Integration, and Test (SEIT) Team. Our exciting programs will revolutionize how we connect with satellite assets, enabling faster and more secure data transmission. You will be a key member of a team performing and leading systems engineering tasks for multiple projects as well as supporting the continuous improvement of our formal Systems Engineering (SE) capabilities. You will interface and coordinate with multiple external and internal organizations including stakeholders and other engineering disciplines. You may be asked to lead special projects within the SEIT or Engineering organization

***Senior Systems Engineer, Space RF Systems*** (7511)

***Lead Systems Engineer, Space RF Systems*** (7509)

***System Engineer Intern***

Position posting pending. Check AV Inc. careers periodically for updates.
